ROYAL CITY GAS IMPROVEMENT
COMPANY, LIMITED, BY-LAW, 1908.

A By-law Concerning the Royal City Gas Improvement Company, Limited.

WHEREAS the Royal City Gas Improvement Company, Limited, hereinafter called the Company, is desirous of erecting, constructing, maintaining, and operating within the limits of the City of New Westminster a gas-plant, gas-works, and necessary buildings for the manufacture, production, generation and distribution of gas, and to supply the said City and its inhabitants with gas for all purposes, and to charge consumers thereof reasonable rates therefor, and such Company has been duly incorporated for the said purposes:

And whereas the Corporation of the City of New Westminster, hereinafter called the Corporation, is desirous of assisting the said Company in carrying out the said undertaking:

Now therefore the Municipal Council of the Corporation of the City of New Westminster enacts as follows:—

(1.) For the purposes aforesaid the Corporation hereby grants unto the said Company the privilege to lay down, relay, connect, disconnect, repair and maintain all mains and other pipes through and under the streets, avenues, alleys, highways, bridges, and thoroughfares of the said City as may be necessary, proper or convenient for distributing and supplying gas to consumers thereof, and to make connection between such mains and pipes and the dwellings or other buildings of such consumers where such gas is to be used, the same to be laid and connected, maintained and repaired in a workmanlike manner so as not to interfere with the use of said streets, avenues, alleys, highways, bridges or thoroughfares of the said City for the purposes of travel, and so as not to interfere with any existing sewer, gas, or water pipes in said streets, avenues, alleys, highways and thoroughfares. Provided always, and the right is hereby reserved to, the said Corporation to decide what streets, avenues, alleys, highways, bridges and thoroughfares the Company can so use for the purposes aforesaid, and also as to what part of the same shall be used by the Company:

(2.) For the purpose of laying, repairing, keeping, maintaining, connecting and disconnecting said mains and pipes, the Corporation hereby grants unto the Company the privilege of digging ditches and of excavating in the said streets, avenues, alleys, highways and thoroughfares, subject to the proviso contained in the last preceding paragraph hereof, provided the Company shall, without unnecessary delay, and upon such terms and within such reasonable time as may be prescribed by the Council of the Corporation, restore the surface of the ground so dug up or excavated to as good condition as it was before such work was done, and provided that the said Company shall be liable for all damages, loss, costs and expenses occasioned by any of the works, and shall indemnify and save harmless the said Corporation from all loss and liability for or on account of any damages, loss, costs and expenses that may result from any work or negligence of the Company, and provided that the said work shall be done under the superintendence of the Board of Works of the said Corporation or of any person or persons to be nominated by the Council:

(3.) It shall not be lawful for the Company to proceed with any of the works authorised by this By-law until after the Company shall have entered into an agreement to perform, observe and submit to the agreements, provisos, terms and conditions by this By-law imposed on the Company, and shall have entered into a bond with the Corporation in the sum of ten thousand dollars, with good and sufficient sureties, to be approved of by the Council, conditioned for the due performance by the Company of the agreements, provisos, terms and conditions by this By-law imposed on the Company, including the payment of damages imposed by paragraph 2 hereof, and until after the said bond shall have been delivered to and approved of by resolution of the Council of the Corporation:

(4.) Before the Company proceeds to open or break up any street, avenue, alley, highway, thoroughfare, drain, ditch or tunnel, it shall apply to the Council of the Corporation for leave to do such work, and no work shall be commenced before such permission is duly granted by the said Council, except in case of emergency, when application shall be made to the Chairman of the Board of Works for the time being. For the information and convenience of the Council, the Company shall immediately after the passage of this By-law furnish to the Corporation an accurate map of its distributing system throughout the City, showing the levels of the streets and the location and size of all mains and service pipes laid on all streets. The Company shall also, without remuneration, allow the Corporation to have all cinders from its works which may be required by the Corporation for use on the streets of the said City:

(5.) The Company shall, at its own expense, run service pipes from its mains on any street or alley to the boundary line on any such street or alley of the property owned by any applicant for gas, and shall, whenever there are five or more bona fide applicants for the supply of gas from owners of property in any block next beyond where the Company's mains terminate, extend such mains so as to supply such applicants with gas:

(6.) The Company shall, within six months from the passage of this By-law, commence operations to provide an adequate supply of gas for the said City and the inhabitants thereof, and shall have its works in operation for the production and supply of gas within eighteen months from the passage of this By-law; otherwise, all the powers and privileges hereby granted to the said Company shall absolutely cease and determine:

(7.) The Company shall, on or before the 31st day of December in each and every year after it shall commence to supply gas, pay to the Corporation a bonus of ten per centum on the price of all gas supplied for lighting purposes by the Company, if and when the total consumption of gas for lighting purposes in the said City supplied by the Company shall exceed the total daily consumption of twenty thousand cubic feet:

(8.) The Company shall, after it shall commence to supply gas in the said City, and so long as its plant is operated, furnish to the Corporation at the price of one dollar per thousand cubic feet any and all gas which may be required by the Corporation for any purpose:

(9.) At the expiration of the term of ten years from the passage of this By-law, the Corporation may, after giving six months' notice prior to the expiration of such term, of their intention to do so, assume ownership of the Company's franchise, gas-works, plant, mains, pipes and fittings, goodwill and real and personal property in connection with the working thereof, upon payment of their value, to be determined by arbitration, under the provisions of the Act concerning arbitration then in force in the Province of British Columbia, and in case the Corporation shall fail in exercising the right of assuming such ownership at the expiration of the said term of ten years from the passage of this By-law, the Corporation may, at the expiration of every five years to elapse after the first ten years, exercise the same right of assuming such ownership after one year's notice to be given prior to the expiration of every fifth year as aforesaid, and upon payment of the value to be determined by arbitration as aforesaid:

(10.) The Company shall in no case charge for gas it supplies more than the following rates, namely:—

(a.) One dollar and seventy-five cents per thousand cubic feet for gas for lighting purposes:

(b.) One dollar and twenty-five cents per thousand cubic feet for gas for all purposes other than lighting:

(11.) The rights and privileges and the agreements, provisos, terms and conditions mentioned in this By-law shall extend to and be binding upon the successors and assigns of the said Company; provided always that the Company shall not be at liberty to grant or assign away any of the rights or privileges conferred upon it by this By-law without the consent of the Council of the said Corporation first had and obtained by way of a resolution
